

200 Hockey Development Inc.
Procedures and Guidelines

Hi everyone,

I am sure everyone is excited to get back onto the ice. Hockey is something that brings us all together and has been a part of our lives for many years. With saying that the pandemic has brought on a lot of changes to how we approach the game. We ask that you please follow and respect all procedures/guidelines that have now been put into place at the rinks for players and coaches. Here are the following new procedures:

Step 1: Getting Ready

I recommend that you arrive a minimum of 30 min before on the first day. There will be NO dressing rooms available. Please get dressed at home or in your car.

*The only washrooms available are the ones in the main lobby (just down from the main office).

Step 2: Scanning and Questionnaire

When you arrive at River Cree Twin arenas you will have to stop at the south entrance (Main Office) to be Infrared Temperature Scanned and fill out a questionnaire. *You will have to do this before each session. (This is where the washrooms are if needed, there will be no washrooms by the rinks)

Step 3: After Scanning

Once you have been scanned you go straight to the North Rink by walking or driving around to the North entrance. We are not allowed in until 15 minutes prior to ice time.

Step 4: Finally, in the Arena

No parents or fans allowed to watch the ice session. Once you enter the arena you can use the chairs provided to put on your skates or head to the bench. If you need help with your skates the coaches will there to help and will be wearing appropriate PPE.

Step 5: Social Distancing

Even on the ice we are to maintain 6 feet between each other. When on the bench you will also see that there are clearly marked for spots for each person. When at the coaches board stay in your assigned circle that will be given to you. When you are in line to do a drill stay in your circle until the player ahead has moved. It is important to keep our distance always.

Step 6: End of Session

We have to vacate the arena within 10 minutes of our session. Put your skate guards or shoes on and leave the arena.

Step 7: HAVE FUN

Not many people have the option to attend these ice sessions. We ask that you keep social media to a minimum if possible. Please respect the rules, the coaches and your teammates. If there are any issues it may result in the removal for the remaining sessions.

We ask that everyone follows the guidelines listed above and if you have any questions please do not hesitate to ask.

Thank you,

Wade Burt
